LA NOIRE For the first time, the dark and gritty epic crime saga set in 1950s Los Angeles is brought to life on the PS3®. LA NOIRE reveals a new side of 'Detective' Cole Phelps, his personal life as well as his relationships with the people around him, and builds on the dynamic, engaging story and characters that fans have come to love over the last 10 years. LA NOIRE delivers the dramatic, authentic tale of a man on a mission, marked by a personal tragedy and a case of 'private justice' that forever changes his outlook on the world. Take on the role of a retired cop, he's brought back to solve a string of homicides with a second chance at life. With just a day to live, his father's murder comes back to haunt him, which triggers flashbacks of the death of his own son. LA NOIRE immerses the player in this emotionally harrowing experience, as Cole fights for justice and redemption. Players must find the truth as they navigate the twisted underworld of 1950s Los Angeles, cross paths with mobsters, and contend with corrupt cops. As they delve into the world of hard-boiled detectives, they'll find themselves battling some of the most memorable characters of the 1950s, including a sadistic psychopath and a brutal psychopath.
